Subject: Thank You for Protecting NC's Water

Dear Gov. Roy A. Cooper III,

I'm writing to thank you for requesting additional information as you evaluate a decision on the water certification for Duke's proposed Atlantic Coast Pipeline. This project is too much of a risk to our state and jeopardizes already vulnerable communities.

Duke Energy has not acted for the good of North Carolina's communities and environment with its irresponsible handling of the coal ash ponds until it was absolutely forced to deal with them after the issue was brought to the fore. I highly doubt that the Atlantic Coast Pipeline is a project that will be without consequences to adjacent communities and our state's natural resources.

We need leaders like you to continue to protect our waterways, and ensure projects like this don't put extra burden on the Native Americans, low-income residents, and communities of color that would have had the pipeline forced onto their homes and neighborhoods. Thank you!

Sincerely,

Ms. Gloria Shen
